Thank You For Your Support Bill Nealey Jr.

Sherril and I and our family want to wish you a very Happy New Year as we begin 2018. We had a great year in 2017. In December our son, Bill III, graduated from college with a bachelor's degree in Chemical Engineering. We are very proud of him and his accomplishment. We thank the Lord for the opportunity Bill had to get a college education and learn a skill that he can use to bring honor and glory to God.

Bill started coming to Haiti when he was a toddler. His time in Haiti over the years shaped his perspective on life and ministry. Our sponsored schools are filled with young people like Bill who long to get a good education and learn a skill they can use to better themselves, their families and their country for Christ. You make these opportunities possible when you sponsor a child and support this work.

Thank you for your offerings in December to finish the year. Your response was wonderful! We are ready to begin 2018 and take on the ministry challenges that are waiting for us. Your daily prayers and generous support will turn these challenges into reality. We look forward to a great year ahead.

In His Service,

The Nealeys

Sponsorship is \$35 a month. You can sponsor a child at www.missiontohaiti.org

Partnership In Missions

Ti-fre Is Retiring

Everyone who has come to Haiti on a mission team knows Ti-fre. Two years ago, Ti-fre had a debilitating stroke. His family has been filling in for him during this time, and we have continued to pay his monthly salary. Regrettably, Ti-fre has to retire.

His family has asked us for financial help. They asked for \$4,000 to secure a home for Ti-fre and his wife and provide for their care. We want to provide this, but we need your help.

Words cannot convey our love for Ti-fre. Your special gift will be a testimony to a man who has been a "good and faithful servant."

Above: Ti-fre at December's Christmas dinner. He has served with us since the mission was founded. This is our opportunity to say "Thank you" for all he has done for us. Your gift will be a blessing.

Mission Teams In 2018

We have a number of construction, electrical, medical, educational and ministry projects that need team members. We invite you to consider coming on a mission team in 2018.

This month, we need to complete the roof on the clinic generator house. In February, we hope to have a dental team. In April, we plan to begin building a new home for a needy family. All these projects help sponsored children and their families. Sign up for a mission team on our website!

Pumps Need Repair

There are several wells whose pumps need to be repaired. School children and families depend on these wells for daily use. We need \$500 to complete these repairs. Thank you for your gracious support!
