## The New Church At Ti-Goave

While the first January team was getting ready to leave Haiti, the second team was flying into Port au Prince. They were coming to continue where the first team left off. The first team finished pouring the concrete floor for the new church at Ti-Goave. The job of the second team was to lay 2,300 blocks. This would complete the outer walls of the church and prepare the building for the roof.

Last fall, men from Pastor Brucey's church began making the blocks that the team would need for the project. We have a hand-operated machine that makes good solid blocks two at a time. It took several months for the men to make all the blocks by hand.

*The team finishes the first wall.*

The second team came from Chicago, Illinois led by Pastor David Ten Clay. David brought block-layers and helpers from his church. The team moved like clock-work.

The team was able to finish the walls, the columns and concrete headers by the end of the trip. After the team left, Pastor Brucey told us that people came from all over the area to admire the building. The congregation is anxious to begin using the new church.

Ten years ago, Sponsorship opened the door for us to begin working at Ti-Goave. We want to thank our sponsors, the teams and everyone who is making this new church possible.

# Partnership In Missions

## Half Of Haiti's Children Do Not Attend School

Today in Haiti, there are 3,000,000 children under the age of fifteen. It is estimated that half of the children in Haiti do not attend school. Most of these children do not attend because of poverty. When you sponsor a child through Mission To Haiti, you provide an opportunity for your child to attend a Christian school, get

meals at school and have medical check ups. Most of all, your child has the opportunity to hear the Gospel of our Lord Jesus Christ.

The door for sponsorship is wide open. We are now partnering with 15 schools and churches. The schools are transforming the lives of hundreds of children every day.

Sponsorship is \$35 a month. There are children waiting for a sponsor on our website. You may set up a recurring sponsorship payment so that your support will arrive every month. We send the schools sponsorship support every month. Our workers are diligently visiting the schools and attending to the needs of the children. The clinic is open each week to receive children who need medical attention.

Thank you for helping us reach children in Haiti. For every child that is sponsored, the doors of opportunity open wider for the Haitian people. Your prayers and support are always needed to carry on this work.

## Well At Galette Chambon Gone Dry

The well at Galette Chambon has gone dry. The water table has dropped which has affected our well and other wells in the community. The church and school depend on this source of water.

We need to dig the well deeper to reach a new source of water. We received an estimate of \$4,000 to do the work. Your help is greatly appreciated.

*Second January Team*
