

# The VISION

*"Where there is no vision, the people perish ..."* Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

June 2017/Number 450

## Founders' Challenge Continues \$8,100

Thank you for giving to the Founders' Challenge. We have received \$8,100! This year, we will need \$110,000 to operate fully on the field. It is important that we reach this goal by October 31<sup>st</sup>. With the Lord's help and your gracious support, we believe this is possible. Thank you for believing in this work and ministry!

Love, Bill and Ann

## Bill Sr.'s Bypass Surgery Successful

*From Bill Sr.*

On Monday, May 15, I had triple bypass surgery. The surgery was a complete success. I spent five days in the hospital and then I returned home.

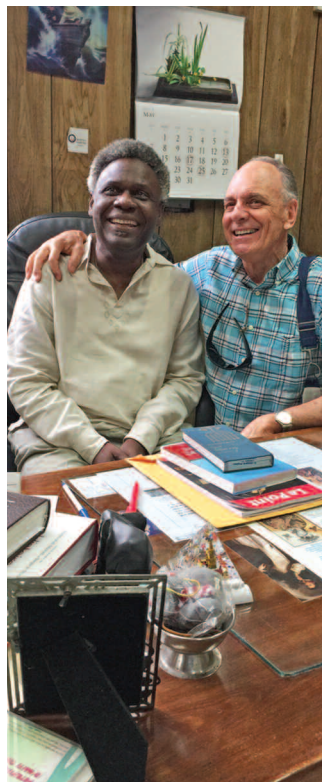

Every day, I am feeling better and getting stronger. The recovery time will be about two months. Thank you for your prayers throughout this time! They have been strongly felt. Please continue to keep me in your prayers.

Dear Friends, in May we had the opportunity to bring a small team to Haiti to explore the possibility of establishing an on-going dental ministry through our campus medical clinic.

Dr. Al Warren came with us who served in Haiti 30 years as a missionary dentist. At the time, he worked with a young Haitian dentist who was in the early years of his practice. Today, Dr. Sammy Prophete is the Dean of the dental college in Port au Prince. He is training the next generation of dentists who will serve their people.

The primary purpose of the clinic is to serve our sponsored children. As we sponsor more children, we will be able to minister to more people. Combined with the Gospel, Sponsorship gives us an effective way of meeting needs and reaching children and families for Christ.

As we consider this new emphasis, adequate funding will be a large part of its success. A major part of the new funds we will need will be for new personnel. Your support for the Operating Expenses gives us the ability to expand this ministry.

# Partnership In Missions

## Sirs, What Must I Do To Be Saved?

Rarely do we lose a sponsored child, but recently, one of our sponsored children died. Her name was Kattiana and she was suffering from complications to diabetes. She was brought to several hospitals for treatment, but sadly, it was not enough to keep this disease from taking her life. She was 11 years old.

Kattiana accepted Christ during the time she was being sponsored, but her family was not yet saved. The greatest advantage of Sponsorship is that children hear the Gospel and have the opportunity to believe.

At the funeral service, the family was so moved by the Gospel message that they gave their lives to Christ! Later, Bill Jr. had the opportunity to sit with the family (above) and hear their story. The father explained that they came to the realization that the only hope they have for eternity is through Jesus. What a powerful testimony!

In Acts 16, Paul and Silas' testimony brought the Philippian jailor and his whole family to Christ. When you sponsor a child, your prayers and support have the power to bring families to Jesus. Sponsorship is the best way to change Haiti!

## Special Food Distributions Important This Summer

Distributing food continues to be one of the best ways we can help children and families with their immediate needs. Children receive meals at school, but it takes food distributions to extend that kind of help to families.

This year, we have received many requests for food because families all over Haiti are still feeling the effects of last year's hurricane.

To the left is a picture of a recent distribution at the Lestere school. The testimony that a gift of food can have on a family is powerful!

*We estimate that we will need \$10,000 to distribute food this summer. We need your help. Your special offering will touch the lives of families whose hearts are open. Thank you!*
