"Where there is no vision, the people perish ..." Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

May 2016/Number 437

## Founders' Challenge Continues

Electric power is crucial to the operation of the work in Haiti. We have been blessed to have friends who are skilled electricians and mechanics. Kevin McGill (*left*) has spent countless hours establishing an electrical system at the mission campus. He designed a structure that runs the facilities on generator power or on the city power when it is available. However, the tropical heat, dust and the growing demand for more power takes its toll on the system. Repairs and upkeep are needed all the time. The teams, the clinic staff and our Haitian partners depend on power to do their work.

Alan Adams (*below*) has made numerous trips to Haiti to service the large diesel generators. Alan has done all kinds of repairs and has kept both units working well. Now, the generators are almost 20 years old and have excessive hours. We may have to rebuild the motors or replace the units.

As you give to Our Founders' Challenge, your special gift will empower us to serve at full capacity. Thank you for giving.

Love, Bill and Ann

Dear Friends, last month, Ann and I asked for your help with the Operating Expenses of Mission To Haiti. We received \$8,350! Thank you for the wonderful response to start this effort. Your support has already begun to help in Haiti. Each month, we will keep you updated as we reach our goal.

This year, we will need \$100,000 to operate fully on the field. We need your help to raise these funds. We are asking 20 of our friends to help us reach this goal by giving \$5,000 each. There is a special link on our website where you can make a donation to Our Founders' Challenge.

You can give to Our Founders' Challenge at [www.missiontohaiti.org](http://www.missiontohaiti.org)

# Partnership In Missions

## You Can Sponsor A Child On Our Website

Charles Abraham

Fenelon Emmanuela

Mendel Durame

Esther Darius

Mission To Haiti's vision is to equip children and young people with the skills they need to change Haiti for Christ. Our mission is to evangelize children through Christian education, nutrition and healthcare. We believe that Haiti will be changed by Haitians.

You can become a part of this dynamic process by sponsoring a child who needs your help to go to school. Often, we meet former sponsored children who are now serving in full-time ministry or working in local businesses. They are young Christians who are making a difference.

*The boys and girls shown above can be found on our website.*

We encourage you to sponsor a child and change a life forever.

## July Mission Team

Our next Mission Team is planned for July 9–16. We invite you to sign up for this team on our website.

We have several events planned including a Youth Conference and a Ladies' Conference. The project where we need the most help is with the old mission house. It is being used to house our Haitian partners, but it needs repair. Bathroom sinks, toilets and cabinets need to be installed. Several doors need to be hung, and the building needs a fresh coat of paint. The cost to do the work will be \$2,000. If you can help with this need or if you would like to join the team, please let us know.

We recently got an email from a team member who said how much their trip to Haiti impacted their life. God can use a team to change your life.

*Raymond and Bill Sr. on a team.*

## Important Updates

Last month, we sent the people on our email list an electronic newsletter with pictures, articles and links to our website. In the past we have sent PDF copies by email. If you would like to receive this new electronic newsletter, please let us know.
