

# The VISION

"Where there is no vision, the people perish ..." Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

May 2013/Number 401

## Sponsorship Is The Best Way To Help

Pictured below is Nelta Pierre. She is holding a gift package from her sponsor, vitamins and a solar light for her home. These lights can be charged during the day and used at night for up to 10 hours.

You can sponsor a child for \$35 per month. Your gifts are tax deductible. Sponsorship provides tuition, meals at school and the opportunity to see a doctor. You will find children who need your help at [missiontohaiti.org](http://missiontohaiti.org)

## The Delmas School Burns

The Delmas School is located in the hills above Port-au-Prince. It is in a densely populated area where thousands of people live in crowded conditions. It is one of our smaller schools where about 80 children attend. It is in a strategic part of the city for ministry. Recently, a fire started in a nearby home, and it spread to the school. Now, a major portion of the school will have to be rebuilt and the roof will need to be replaced.

We have a local construction engineer who is helping us on various projects. We have asked him to evaluate the damage and give us a plan to rebuild the school. *We are ready to move forward, but we need your help to get started. We want to begin with a starter fund of \$5,000. Your support is greatly appreciated.*

The fire not only affected the building, it ruined the things that were inside the school.

Books, school materials, desks and other supplies were ruined by the fire, smoke and the water from putting out the fire. The Delmas School needs much work to be ready to receive the school children again.

Right now, the children are meeting for classes inside the small church. Your support will help us rebuild the school in a timely manner and provide the Delmas children with a good education.

Our next Mission Team will be June 1 - 8

# Partnership In Missions

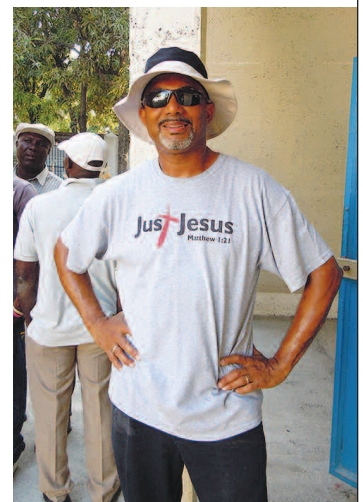

## Joe And Wendy

Joe and Wendy Jones are longtime friends of Mission To Haiti. They operate Covenant Trucking in Youngsville, North Carolina. They came to serve with the April Mission Team. Joe and Wendy personally raised the funds to provide food for 200 families. We appreciate all that Joe and Wendy do for the work in Haiti. Your support is greatly appreciated.

## The Team At Work

Alix Bellevue is one of our older sponsored children. His family's home was destroyed by the earthquake. Afterwards, they built a small home made of castoff wood and tin. Most native homes are made of mud and sticks. Roofs are often made of thatch or light tin. A hard rain and storms can ruin one of these little houses. Last year, we began building a new home for Alix and his family. The house was completed up to the roofline. Last month, the April Mission Team completed the construction and added a new white rubber roof. The white roofing will decrease the heat in the house by about 15 degrees. New doors are being installed now so that the family can move in soon. Thank you for helping us make this new home a reality. It will be a blessing to the Bellevue family.
