For 30 years, the work of Mission To Haiti has been transforming the lives of children. We have been serving in Haiti long enough to see how well Sponsorship works. Today, 4,000 children attend our schools and receive a Christian education. There are many children who are still waiting for a sponsor.

## Benefit For The Children Of Haiti

The purpose of the Mission To Haiti Banquet is to benefit the children of Haiti. The opportunity to reach children in Christ's name is greater than ever. The needs of children are many. However, we have found that the best approach to meet these needs is through the Sponsorship Program.

Pictured to the right are examples of how Sponsorship helps children. When boys and girls are able to eat well, it makes them happy and healthy. It has a life-changing affect on their wellbeing. In Haiti today, the cost of food is rising. It is becoming very challenging to feed children good meals.

On a regular basis, we treat children for preventible illnesses and we pay for surgeries. Through the new clinic, our medical workers and mission teams offer exceptional help. The more we can do, the more opportunities these children will have in the future.

The best solution for combating Haiti's poverty is Christian education. Many children who we sponsor are the first generation in their family to get an education. Their lives will be transformed and it will transform Haiti.
