

# The VISION

"Where there is no vision, the people perish ..." Proverbs 29:18

The Monthly Newsletter of Mission To Haiti

June 2016/Number 438

## Founders' Challenge Continues \$17,120

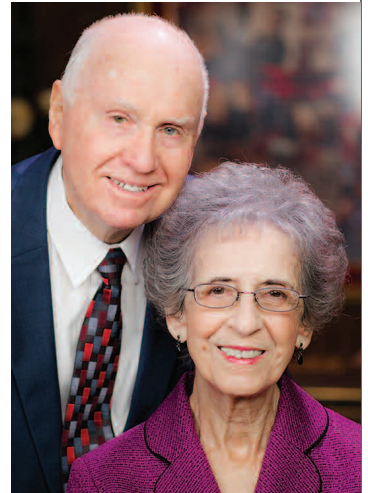

Dear Friends, the first vehicle that we ever had in Haiti was a 1972 Ford Econoline van. The *Ole Ford* ran faithfully for many years. It made countless trips across Haiti loaded with team members, Haitian pastors, bags of food and all sorts of materials. Its value could never be measured in miles driven, but in lives impacted for Christ.

A vital part of doing the work in Haiti is dependable transportation. We are blessed to have two Toyota Land Cruisers. It is not unusual for us to travel over flooded roads or on the top of a mountain ridge to reach the places we need to be.

Our 1986 Chevy school bus is used to carry work teams as well as children to the campus medical clinic. For the past few years, the bus has been having engine problems. One of the head gaskets was replaced which helped greatly. Recently, friends from Harbor Light Community Chapel had the radiator recored. We hope to install it during the July Team.

Keeping these vehicles repaired and maintained is not always easy, but it allows us to stay safe and minister to many. Parts, repairs and fuel are more expensive in Haiti. Thankfully, we have a 500 gallon diesel tank at the mission campus which we fill on a regular basis.

When we need to, we rent local transportation for the teams and for our Haitian partners.

Thank you for giving to the Founders' Challenge. We have received \$17,120! We are asking 20 of our friends to give an offering of \$5,000 each to help pay for the Operating Expenses for 2016.

One dear lady wrote to say, "I can't give \$5,000. Will you accept \$500?" Absolutely! Any gifts that you send for the Founders' Challenge will be used for the Operating Expenses of this ministry. Thank you for helping us reach our goal of \$100,000 for 2016.

Love, Bill and Ann

You can give to Our Founders' Challenge at [www.missiontohaiti.org](http://www.missiontohaiti.org)

# Partnership In Missions

## Ti-Fre Hospitalized

In May, Ti-Fre, our caretaker at the mission campus, collapsed. His left side became very weak and he could not communicate well. It appeared he had a stroke. He was rushed to the hospital and given several tests.

A scan of his head showed that Ti-Fre had a cerebral hemorrhage on the right side of his brain. He was admitted to a local hospital where he was given treatment for the hemorrhage and where he is receiving therapy.

Ti-Fre has served with us for more than 30 years. We need help for his hospitalization. If you can help, we will use your gifts to cover Ti-Fre's hospital expenses. Thank you!

## New Well Completed A New Pump Needed

## Important Updates

Last month, we featured four children in the newsletter who needed a sponsor. Before the month ended, we sponsored six children! This month, we are featuring two more children who need a sponsor.

Sponsorship equips children and young people with the skills they need to change Haiti for Christ. We believe that Haiti will be changed by Haitians. You can find children ready to sponsor on our website at [www.missiontohaiti.org](http://www.missiontohaiti.org)

Aristil Anias

Maguelita Labonte

The new well at Joineau has been completed! The entire community is thrilled to have it working again.

The pump at Bonnette stopped working. The well seems to be fine. The school and church depend on this well. It will cost \$1,300 to put in a new pump. Thank you for all your help!
