Founders' Challenge Powers Up

Dear Friends, last month Ann and I asked for your help with the Operating Expenses of Mission To Haiti. We received \$1,185! Thank you for your gracious response to begin this effort. Your support has already begun to help the work in Haiti.

In March, we bought two new F.G. Wilson generators and had them delivered to the mission campus. We are in the process of securing a third unit.

We want to express our most sincere thanks to our friends at Central United Methodist Church in Fayetteville, Arkansas

for providing the funds to buy these magnificent machines! These new generators will power all of the campus facilities, and allow us to expand our capabilities. We believe that the Lord is preparing Mission To Haiti for greater service in Haiti.

In talking with Kevin McGill, our campus electrician, there are upgrades to our electrical system that we need to make to accommodate these new units.

This year, we will need \$110,000 to operate fully on the field. Ann and I are asking 22 of our friends to help us raise \$110,000 by giving \$5,000 each. You can give this incrementally and you can give through our website.

Thank you for helping!
Love, Bill and Ann

Bill Sr.'s Bypass Surgery

From Bill Sr.

I was hospitalized on April 15 with acute vertigo coupled with nausea. After three days of tests, my doctors did not find any problem.

As I was preparing to be discharged, the heart monitor I was wearing began indicating an irregular heart beat. When the doctors saw that, they ordered several tests to check the condition of my heart.

Partnership In Missions

Meeting Kettia For The First Time

Chelsea decided that it was time for her to begin sponsoring a child in Haiti. She prayed and asked the Lord to help her know who she should sponsor. At the Evening of Vision event, she looked through pictures of children who are waiting for a sponsor. When she came to Kettia's picture and read about her family, she knew this is the one!

During the March Team, Chelsea had the opportunity to go to Kettia's village. Chelsea arrived during the school day. When she walked up to Kettia and saw her for the first time, she felt an immediate connection! Kettia felt that connection too.

Chelsea and the group wanted to visit the house where she and her family live. It was a twenty-minute walk away. When they arrived at the house, Chelsea met Kettia's grandmother who supports the family by being a vendor. The house was made of sticks and mud, but it was very well kept. The grandmother told Chelsea how grateful and relieved she is that Kettia is now sponsored.

Are you ready to sponsor a child? There is a child like Kettia waiting for your help!

Cazeau Community Needs A New Well

Recently, we met with people from Cazeau whose families are having difficulty finding clean water. They asked Mission To Haiti to help them dig a community well. There are 800 families who would benefit from this new well. We received some support, but *we need \$900 to install the well*. Your special gift will bless many families and be a testimony of how God provides. Thank you for your help!

Bill Sr.'s Bypass Surgery

Continued from page 1

They discovered that I have several arteries in one of the chambers that have blockages. My doctors agreed that the best way to take care of this is with bypass surgery.

I am scheduled to have bypass surgery on Monday, May 15.

In James 5:14 it says, "Is any sick among you? let him call for the elders of the church; and let them pray over him,..." I asked my pastor Tom Hunter and our deacons to pray for me. I have perfect peace knowing that God is our Great Physician. Thank you for praying!
