Our Founders' Challenge: Transportation Reaching Our Destination

Recently, we went to the Joineau church for Sunday service. The church was filled with sponsored children and their families. We were excited to see the impact that the church and school are having. Afterwards, Chelsea (above) got a snapshot with Michael who is sponsored and his little brother Jude who wants to be sponsored so he can begin school.

The village of Joineau is one of the most remote locations where we work. When we went to church recently, the road was rocky and full of deep mud. In fact, most of the schools where we sponsor are isolated. It takes a rugged, four-wheel-drive vehicle to reach these communities.

Thankfully, the two Toyota Land Cruisers we have serve us well. We take them everywhere we go. They require regular maintenance and repair from local mechanics to keep them going month after month. When the Toyotas are not enough, we use our bus or we rent large vehicles to haul things like building materials and food. Reliable transportation is a major part of spreading the Gospel and getting to children who need our help. *It will cost \$50,000 to cover our Operating Expenses in Haiti for 2019. When you give to Our Founders' Challenge, you help us reach our destination.*

Team members on their way to the ministry work site

We have received \$14,030 for Our Founders' Challenge. We will need \$6,000 a month from now until December to meet our Operating Expenses in Haiti. You can give on our website. Offerings large and small will help us meet these important expenses. Thank you for giving!

Holding clinic in the mountain village of Guimney

You can give to Our Founders' Challenge at missiontohaiti.org

Partnership In Missions

More Food Is Being Distributed, More Is Needed

Children receiving food at the Joineau School in May

We want to give beans and rice to all of the children and teachers in our sponsored schools. We are giving these through special food distributions.

We just received offerings to buy more food for another school. It costs \$4,000 to give family packages of beans and rice to a school. We now have 10 more to go. Your gift for Food for School Families will bring relief at this difficult time in Haiti.

How You Can Give On Our Website

Every year, the number of sponsors and contributors who use our website is increasing. We continue to improve the donation links on the top of our homepage to make it easier to give:

Make a Donation

This link gives you the option of making a General Donation and giving for Special Projects like Food for School Families and Founders' Challenge. You can also make your gift recurring so your donation will process automatically.

Sponsorship & Gifts

This is where you can make a one-time sponsorship payment and give a special gift for your child. You can also include an extra gift for the ministry which we always need.

Sponsorship Recurring

This link lets you set up a recurring payment to pay your sponsorship. You can write in the amount so you can give for one or more children. From there, you can choose to give monthly, quarterly or annually. Thank you for giving!

We Need A Carpenter

The September/October mission team is planning to make some much needed repairs at the mission campus. We have tradesmen who are coming, but we need a carpenter and some helpers. We also have nurses who will hold clinics. Please submit a team application on our website if you can come. Thank you!

Team Dates

July 13–20, 2019
