## Our Founders' Challenge: Our People

*Filomaine and Stacy*

In July we had an extraordinary team member come to Haiti with us. Filomaine was born in the States to parents who immigrated from Haiti. Filomaine grew up in Florida and learned Creole as a child. In July she had the opportunity to go to Haiti for the first time. Filomaine led a Bible school at our campus and Stacy responded and accepted Christ.

Mission To Haiti's greatest resource is its people. God has blessed us with team members and Haitian partners who love the Lord and love to serve. In July we went to church at Guedon. After the service, we distributed food to the school children and church members. Everyone was so thankful. Our people are the means God uses to deliver your support.

When you give a Founders' Challenge offering, you are helping support our Haitian partners who serve passionately and faithfully. *We need \$50,000 to meet our Operating Expenses in Haiti for 2019. Your support is vital to this work. When you give, your offerings reach people whose lives are changed forever by your faithful gifts.*

*Chelsea, Esther and Marie Joe painting doors*

So far this year, we have received \$16,730 in Founders' Challenge offerings. We need \$50,000 to reach our goal. Your support for the Operating Expenses undergirds this work and allows us to get the job done. Gifts large and small are greatly appreciated. Thank you!

You can give to Our Founders' Challenge at [missiontohaiti.org](http://missiontohaiti.org)

# Partnership In Missions

## Food Distributions Continue To Bless Many People

In July we distributed food to the school children and church members at Guedon. We also gave food to the families in our local community of Cazeau. We continue to give as much food as we can.

We have 9 more schools to give food. It costs \$4,000 to provide food for a school. Your offerings large and small will be a blessing and a testimony for Christ. You can give to Food For School Families on our website. Thank you!

## The Lestere School Needs More Desks

The Lestere principal spoke with us in July and shared a pressing need that the school has. The school wants to expand its middle school and high school

in September, but they need 25 more desks.

The principal gave us a drawing of the kind of desk they need. A local tradesman in Lestere is able to make these desks for \$700.

This is a great opportunity to help the Lestere school expand their program and reach more children who need a Christian education. If you can help, your gift will be greatly appreciated.

## We Need Tradesmen And Nurses

The September/October mission team is planning to make some much needed repairs at the mission campus. We also plan to hold clinics at the schools. We need more tradesmen and medical professionals. Please submit a team application on our website if you can come. Thank you!

## Team Dates

August 1–5, 2019  
Sept. 30–Oct. 7, 2019  
November 16–23, 2019  
January 2–5, 2020  
March 20–23, 2020
