The October Team Brings Help And Hope

Shelly examining a boy in the clinic

The October Team came to Haiti at the perfect time. The children and families where we serve are in great need. The demonstrations that Haiti has experienced this year have made necessities like food and water more expensive. Many families have to buy water for drinking and washing. The clinic treated people for issues related to lack of clean water.

The Medical Team saw 400 people during the trip. They held clinics at two of our sponsored schools. They also worked several days from the Campus Clinic. On the last day, families from the local community came to be seen. The families expressed how grateful they were for the help. It renewed their hope that someone cares.

We care. We are concerned for their physical and spiritual wellbeing. We gave children and families tracts in Creole and shared the Gospel. Our desire is that the Haitian people will be well and be saved.

John and Tom rewired the Old Mission House. They installed surface mounted conduit and ran new wire for the lights and outlets. They did a great job. Pino has been renovating the building to use for overflow, and it is coming along very well. Thank you for your faithful offerings. They allow us to keep moving forward in Christ's name.

Partnership In Missions

Ellis Ran The Race For The Medical Clinic

Hebrews 12:1 says, *"...let us run with patience the race that is set before us,"*

On September 28, Ellis Narcisse III ran a marathon in memory of his father, Dr. Ellis Narcisse Jr. who served as a dentist on our medical teams. He ran for his father and to raised money for our Medical and Dental Clinic. Ellis finished the marathon in 4 hours, 29 minutes and 19 seconds. What a great accomplishment!

We are blessed to know that Dr. Ellis' legacy is being lived out in the ministry of Ellis III and his family.

In lieu of our Evening of Vision Banquet this year, we are asking you to consider giving an offering for the clinic. With these funds, we will add new equipment and new people to expand our capabilities in the clinic. If you have not given yet, we encourage you to do so. Thank you for giving so graciously.

New Desks Being Built

Thank you for your response to the need for new school desks. We distributed the funds to four of our sponsored schools. We received pictures and reports that the school desks are being built. Thank you for providing these new desks. You are helping these boys and girls get a Christian education.

Help Us Finish 2019 With All Accounts Balanced

As the end of the year approaches, we need your help to balance our ministry accounts. We have received \$31,471 for Our Founders' Challenge so far this year. These offerings cover the Operating Expenses in Haiti. Our goal this year is \$50,000.

We also need your help to balance our other ministry accounts. Your special year-end offering will help finish the year strong and begin 2020 ready to do even more. Thank you for your support.

Give Your Sponsor Support

Jan came to Haiti for the first time in October. She sponsored Nathanaelle. Sponsorship is the heart of this ministry. Your faithful support makes this work possible. Thank you for keeping your payments up to date.
