

## Children Who Were Saved In 2021

Pictured above are some of the children who accepted Christ in the schools, churches, and clinic this year. There were parents and siblings who were saved too.

As difficult as things have been in Haiti, 2021 was the greatest year for these children and young people. The best gift we can offer children and families is a personal relationship with Jesus Christ.

In His Sermon on the Mount, Jesus said, "Give, and it shall be given unto you..."

Jesus was not only referring to the personal benefits from giving. He wants us to know the more we give, the more God will utilize us to bless others.

These children heard the Gospel and were helped because you gave to Mission To Haiti. Please help us to do even more.

## We Need To Keep Expanding The School Meals

For the past two months, we have been giving the schools extra money to expand their meal programs, and the results have been very good. One result is that school attendance is up.

A good example of this is at the Lestere school. Recently, Junior Mervilus the Principal sent us some pictures of the meals

being served to the children. He noted that the school attendance that day was 450!

Hungry children are drawn by nutritious food. We told Junior, this is a great time to evangelize these children. We need \$1,500 a month to expand the school meals. We can already see that more will be needed soon. Thank you for helping!

## Younger And Older Generations Come Together

In November, Junior Hyppolite who serves with us in Haiti came to Miami for a visit. He helped us prepare for our next shipment to Haiti. We were able to help him get some needed dental work done. During his visit, he spent some time with Bill Sr. and Ann.

Last year, Junior wanted to do something special for Bill and Ann. So he commissioned a well known artist in Haiti to create a portrait of them in metal. They loved it so much that they hung it in their living room at their home in Hialeah. When Junior came to Hialeah, he got a snapshot with Bill and Ann in front of the portrait.

Junior and Bill and Ann represent the span of generations that the Lord has placed in Mission To Haiti to do His work. We are truly thankful for the 40 years the Lord has given us so far. And we look forward with great expectation to the future.
