Vocational School Begins New Year

Madam Cadet with some of this year's newest Vocational students. They are ready to learn!

First day of class
at the Vocational School

The new school year has begun at the Beudet Vocational School. The incoming class has 25 students. They are ready to learn and prepare for their careers. The vocational school teaches plumbing, electrical and other trades, but most of the students want to learn how to sew. Clothes made to order are in constant demand in Haiti. School uniforms, suits

and dresses made by hand offer new styles at affordable prices. For that reason, sewing is a good trade.

The first day began with prayer, hymns and a Bible study. Many of the young people who enroll in the vocational school come from Christian families and are saved. For others, this may be their first exposure to the Gospel. For Pastor

and Madam Cadet, sharing the Gospel and growing in faith is a priority.

The Vocational School needs \$1,500 to buy supplies and materials for the year. In addition, each student needs tools and materials that will cost \$100. If you can help, your support will be greatly appreciated. If you sponsor a vocational student, your special gift will be a blessing to them. Thank you for giving!

Partnership In Missions

Promoting The Work Of Mission To Haiti

In September, we were exhibitors at a Christian school convention in South Carolina to promote the work in Haiti and enlist new sponsors. We sponsored children and made contact with several hundred school teachers and administrators. We will be attending a similar convention in Orlando this month.

In June, faithful sponsors in Utah hosted a backyard cookout that opened the door to new sponsors and a new church. We will be visiting a new church in Ohio this month.

We would love the opportunity to share with your church and friends. Please contact us to arrange a time.

220 Families Received Food

In September, the sponsorship crew distributed food packages to families at Cazeau. The price of food has doubled this year. These packages bring great relief to those who need it most. Please give to Food For Families so families can continue to receive help when they need it most.

Graduates Start Working

Pastor Cadet sent pictures of several graduates who are hard at work. Kervensly and Michelle pictured below are using their new treadle sewing machines to fill orders for new clothes. Your support made it possible for them to reach this valuable position. Thank you for giving!
