

School Meals Help The Whole Family

Children at Gallette Chambon ready to eat their school meal

satisfied: they shall praise the Lord that seek him..." When children eat well at school, it brings hope to the whole family.

Your support for the Expanded School Meals is really bringing hope to the people we serve. **Please consider making school meals a part of your regular giving. A gift of \$25 or \$50 a month will provide meals and hope in a powerful way.**

The importance of food to daily life cannot be overstated. In Haiti the cost of food is high. Parents will spend a good portion of their day earning enough money for a good meal that day. It gives new meaning to our Lord's Prayer when He prayed in Matthew 6:11, "*Give us this day our daily bread.*" Good food makes good things possible.

Increasing the school meals is having a notable impact. School attendance is higher. When the children come to school and know that meals will be served, their attitude is better. When the children eat and are filled, the feeling of hope wells up in them.

Hope brings satisfaction. In Psalm 22:26 David said, "The meek shall eat and be

Partnership In Missions

Kensley Had His Surgery

Last year, we shared with you about Kensley and the tumor he had on his right knee. You gave the funds he needed for his surgery. In the process of things, we wanted a biopsy before the surgery was performed.

Because of the circumstances in Haiti, it took time to arrange the biopsy and get the results. The results showed that the tumor was cancer. In January, Kensley had the tumor and his right leg removed. Now, he needs chemotherapy. **Kensley needs your prayers and \$600 to begin his treatments.** Your prayers and support are greatly appreciated.

Marie Joe Needs Her Home Finished

Thank you for your initial response to finish Marie Joe's home. So far, we received \$1,225. **We need \$6,975 in order to do this work.** Marie Joe has been staying with church friends in the Cazeau community. As soon as the funds are available, we will begin the work. Thank you for your help!

Vanelson Has A New Home

In January 2019, Kelly had the opportunity to come to Haiti and visit the home of Vanelson, her sponsored child. At the time, the one-room house made of sticks and mud was falling apart. By last year the house became unlivable. So Kelly and her husband David decided to give funds to build the family a new home. The new home was just finished. It gives the family stability and it allows Vanelson to continue going to the Joineau school. Thank you David and Kelly!
