## How Your Offerings Were Used In 2023

Thank you so much for your offerings to Mission To Haiti in 2023. As you can see by these figures and pictures, your prayers and support made it possible to accomplish much last year.

Despite many obstacles, our Haitian Partners did not stop helping those in need. They spread the Gospel of Jesus Christ to many who needed to hear. Thank you for giving so generously.

Last year, the difficulties in Haiti generated a clear response from our leaders and staff. Instead of being paralyzed by the circumstances, our Haitian Partners were energized to serve. We discovered that the key ingredient to their energy is this: vision. Mission To Haiti's founding Bible verse says it best. Proverbs 28:19 says, *"Where there is no vision, the people perish..."*

## Help Teachers To Do Their Best Work

Prof. Robert Fleury teaching a Vocational student to make a dress pattern

On average a teacher or staff member earns \$125 a month in salary. They are paid through the tuition payments of the students. Tuition for the sponsored children is covered by the sponsorship payments. Mission To Haiti faithfully gives the schools these funds each month. However, there are many children who attend the sponsored schools who are not sponsored. Often these non-sponsored families are slow to pay their child's tuition payments for lack of funds. Sometimes these families are unable to pay anything. The schools will keep these children enrolled as long as possible. But the lack of tuition money can prevent the schools from paying their teachers and staff members fully. At the same time, the cost of living for a family in Haiti continues to rise each year.

Pastor Cadet who directs the Vocational School

One solution is to sponsor more children. Mission To Haiti works continually to enlist new sponsors. Throughout the year, we go to conferences and visit churches to promote sponsorship. Your faithful sponsorship payments help greatly. However, our sponsored schools need a boost of support. Special support for teachers' salaries is another solution.

**Monthly gifts of \$125 would be given to the schools to boost their monthly income.**

This surge of support would help teachers and staff members directly at a time when they are having trouble making ends meet.

**Giving for Teachers Salaries is a way you can give effectively.** Please consider adding Teachers Salaries to your monthly giving. Thank you for being faithful supporters.
