

Mission To Haiti

Equipping Haitians to Change Haiti for Christ

ABOUT MISSION TO HAITI

Mission To Haiti was established in 1981 for the purpose of bringing the Gospel of Jesus Christ to the Haitian people. Haiti has been devastated by false religion. We believe that reaching children with the Gospel will bring permanent change to Haiti.

This has made our focus Child Sponsorship. Mission To Haiti partners with 13 Christian schools and 2 vocational schools. Sponsorship provides children with a Christian education, meals at school and medical care. Through this we are able to reach families with help and the Gospel.

Mission To Haiti seeks to serve local communities. We provide physical care through our medical clinic, dig wells and distribute food during times of crisis. Many of our ministries are aided by bringing mission teams to Haiti. Volunteers come to Haiti to minister to children and families. They serve on work groups or by helping in special projects.

Through these ministries, we are able to enlarge our vision to equip Haitians to change Haiti for Christ. Would you consider being a part of this work that the Lord is doing through Mission To Haiti?

MISSION TO HAITI'S SPONSORSHIP PROGRAM

WHAT IS CHILD SPONSORSHIP?

For \$45 a month, you can sponsor a child in Haiti. Sponsorship provides three basic ministries: Christian education, meals at school, and health care.

Christian Education: We partner with 15 Christian schools that serve 4,000 children. Two of Mission To Haiti's schools are trade schools where young people can learn sewing, plumbing, and other careers.

When you sponsor, you help a needy child attend school. Our children receive Christian training. They have the opportunity to attend church, Sunday School, and Bible studies where they learn about Jesus and grow in their faith.

Meals at School: The biggest struggle for a Haitian family is food. Seventy percent of a family's income goes to buy food. Sponsorship provides high protein meals for children at the schools. This helps the children to be healthy and focused.

Health Care: Many Haitian children rarely have an opportunity to see a doctor. Mission To Haiti has a medical clinic for our school children to receive regular check-ups. Our Haitian staff treats illnesses and teaches the basics of proper hygiene.

By providing these opportunities, a lasting change can occur in a needy child's life. These ministries are the open door to reaching the child, their family and the community for Christ.
